

TalentLens Critical Thinking Workshop

Critical Thinking is the 21st Century Workplace Skill

Critical Thinking is now more important than ever. Rapidly changing trends and markets are accelerating change, promoting innovation and creativity. We now consume **over 34 million bits of information every day** - the equivalent to 2 books. Whilst, fake news continues to be the biggest threat to democracy, creating confusion, assumption and uncertainty.

With this daily abundance of mis/information, organisations are looking for employees who display **strong critical thinking** characteristics. Who can make good decisions, quickly, separating fact from fiction and solving complex problems, to enable the right conclusions to be reached.

**CRITICAL THINKING IS
NOT JUST A WORKPLACE
SKILL IT'S A LIFE SKILL**

WORKSHOP

Join our critical thinking workshop, designed to show employers and employees how to absorb, organise and evaluate complex information, from multiple perspectives - to reach logical, well-founded conclusions. Critical Thinking has been identified as one of the best predictors of employee performance. By the end of this workshop you will have the knowledge to apply this skill - important not only for your personal development, but also for management development.

Our international workshops have been adopted by the following companies:

Why choose TalentLens? Experts in the world of business, with over 20 years of experience working with companies to train and select high performers for high performance roles.
